

Friday

October 10th

Wetter than wet & cool. Went down for
meat and to Bank with S. S. money.
Met Mr. Kellerman (also went to Enterprise
Office with letter, re Mrs. Ferguson Fund,
to be printed) on way home. He insists on
having an S. S. report for Eldership
S. S. association. (Missed me in Summer
did not send me a form) Came home
and prepared report. Worked at my
hay chnk for hot hours and a half.
Snowing - real snow, but Donkey was
down at the Donalds for a couple of
hours. I went down home about 5 p.m.
to get some things. Still snowing. As
leaves are all on trees the snow is
bending them right over. The
mause apple trees are badly broken
and between Richies and Davys
over so many big limbs are down.
Electric wires broken in some places
but our lights came on shortly after
5. This was our Fair day but the
weather was so bad the Fair was
postponed until next year. The
Concert - Rupert delegate to. - was on.
