FRI. SEPT. 2, 1898

Wea.

We are having terrible hot sultry weather just at present it is very warm and dry. The boys are away to school we were busy drying and canning fruit today again as the pears will not keep long, it is tiresome work sitting so much. James called for a little while this evening.

SATURDAY 3

Wea.

I rose this morning and attended to the bread. I baked the bread and hens in the forenoon, and fitted some plumbos for pies, after dinner I baked pies and cakes and swept up the house, it has been a very hot day. Henry Arnott and family came the girls brought
