11 DAYS PAST

355 TO COME

Tardy Convalescence

from the depleting effects of a constitutional infection is especially characteristic of La Grippe. While immediately restorative measures are often indicated to combat prostration, a hematinic reconstituent is also needed. **Pepto-Mangan (Gude)**, to which the proper dose of strychnine is added, is a peculiarly efficient reconstructive in such cases.

Weather

Cold & fine

Temp.

I took the girls & went for them
John & Cecil & Clarence was
cutting for us this afternoon
down in our woods Mrs Mc
Lay has been very sick. Sat
up a little while today. I
got half a bushell of beans
of Mr Adams. Aunt Bill &
Lewis are both sick with grip
ground frozen hard again good
wheeling
