85 DAYS PAST

281 TO COME

May 3, 1907.

Dr. Regula, Military Surgeon, Hamburg, Germany, says:

"I am able to report excellent results from the use of Pepto-Mangan (Gude). It was taken with relish and strongly stimulated the appetite. I have repeatedly recommended the preparation."

A fine day & very warm
The bees have had a fine
time. girls drove to school.
John has been splitt ing
wood. Mr. Fishley quit drawing
milk Saturday & today Mark
took care of Clarence. Albert
was up & spaded part of our
little garden & I sowed the
lettuce. I did the curtains
to the up stairs windows &
cleaned the clothes rooms
