

## In General Debility

following acute diseases, where the functions of the organism are in a state of depression, and in all cases where there is a diminution of the red blood cells and amount of hemoglobin, prescribe

### Pepto-Mangan ("Gude")

It is pleasant to take, and is free from all corrosive action upon the mucous membrane of the stomach. It does not hinder the normal processes of digestion, assimilation and excretion. When administered for a protracted period it does not create the least aversion.
