

Have had a most blessed day. The precious word of divine grace & fellowship of saints has been so satisfying.

O, these sweet precious God given Sabbaths how necessary are they, for the Christian and indeed for the unbeliever, though in a more worldly sense.

Bro. Goodwin preached to us again this morning about Joshua's last battle, comparing it to those of the Christian. Went out again this evening, to hear a solemn discourse about dying. Praise God from whom all blessings flow! Why not, when we consider all his benefits.

The two men have been ploughing to day as usual. They have well nigh finished the field north of Hrivetara for which I am thankful.

Have been on the road looking for a girl to help me about the house. Have been graciously prospered in my way. Found a good, healthy strong girl willing to come in a few days, daughter of Mr Henry Hill, near of Laguna Valley. Am thankful to have the promise of a good girl for they have been so scarce of late. The weather is fast becoming warm again.
