

manure on in with corn and the rest of the piece with buck
wheat. We won't expect any corn off it of course but will
get some good fodder if all's well. Dad. and I took job
up to the mill this morning, and then Dad. took Cash
to town and I thinned a few mangels before dinner. This after-
noon Dad. and I cultivated the mangels and potatoes and
hoed some more. Dick and Doss came over about five and
were here all the evening. It has been fine, sunny & not hot.

Friday July 6th

Frank has been plowing all day and Dad. and I have
been hoeing potatoes. Aunty and Aunty Alice came over
to night for a little while with all they could carry of the
wheat with all to celebrate Dad's birthday tomorrow. Dad.
drove them home. Lila was over for a few minutes, the results of
the H. S. exams. were in the "People Leaf" to day and her name
headed the list and she took honors. Still fine and not hot.

Saturday July 7th

I went down to the mill first thing this morning and got
a supply of chicken feed. I was staggered when Ross Smith
told me my account down there was over \$130. after all that
I have paid them was taken off. When I got home I took a couple
