272 DAYS PAST

94 TO COME

Gastric Ulcer.

Following combinations practically assure a diagnosis of ulcer: (1) Tender point with occult blood. (2) Hypersecretion with tender point. (3) Hypersecretion with occult blood. (4) Tender point with repeated positive thread tests. (5) Tender point with hematemesis. (6) Hematemesis with hypersecretion. (7) Hypersecretion with positive thread tests.—*Verbrycke*.

Weather

Temp.

Sprinkled some in the P. M.
Mother took grist up to Uncle Lewis.
Another drove (Old Guy) to Aylmer
and had New Blacksmith shoe him.
Put on two old shoes and 2 new ones.
Papa ploughed all day Mother
sent Mary and Alice a chicken
with Mr. Cox and took them a
hen this afternoon.

Maud has been the best she ever was
in her life. She stayed home and
did the work. Ha, ha. Melba is still
out to Eugenie's.
Edward Cline and Wife are at the
former's parents.
