297 DAYS PAST

Thursday

69 TO COME

Series After Series

of hematologic examinations have abundantly demonstrated the blood constructing value of **Pepto-Mangan (Gude)** in the Chlorotic Anemia of young girls. This classical "green sickness" of the older writers is peculiarly amenable to its prompt hemoglobin creating power and general tonic and reconstructive effect.

Weather

Temp.

Rained some  
last night - Melba &  
went to mill, Mrs  
Appleford was over. Grace  
was very sick all night  
John playing bed.

W. D. D. +  
Melba & Billy 5 March 5.
