Systemic Revitalization

is the one essential therapeutic requirement in conditions characterized by general constitutional depression. This is especially true after Prostrating Infections. **Pepto-Mangan (Gude)** is a general restorative of marked efficiency, which acts pleasantly and certainly as a hematinic reconstituent.

Weather

Temp.

Rained a little last night - was very foggy & wet this morning, and all the forenoon. John ploughed all day. Clarence & his boys finished cutting corn stalks to night. Myrtle sent the girls the presents. I washed and did Sears. Eugene has another sick cow. Had the barn one another
