

May 25th. Sunday cold about
55 this afternoon. 32
at 530 this a.m. with a
light white frost.

May 26th Planting tomatoes
very cold light frosts
I guess no damage here.
tried to start spraying
no good no pressure -

May 27th. still cold. planting
tomatoes & got one $\frac{1}{2}$ b
tanks of spray. a little
milder tonight. looks
like rain.

May 28th. cold & showery.
spraying & hoeing
strawberries

May 29th 30th & 31st windy
& cold. frosts nearly every
morning but not heavy

to do any damage here
spraying & hoeing
strawberries! 27 tanks
on now about 3 more to
finish. seems to be lots
of cherries and plums and
quite a lot of pears
June 1st Sunday warmer
but very windy from
South west.

June 2nd finished spraying
and planting tomatoes
about 18000 in all.

June 3rd Planted out about
12000 peppers. very
warm and windy

June 4th. planting cuties
marrows & peppers
still very warm.
finished planting
about 15000 pepper in all
