

September

SUNDAY, 4

1921

Went to town at night. Pallecks called for me in afternoon and I had tea & went to church.

Fine and quite breezy.

LABOR DAY (Dominion)

MONDAY, 5

Went out back to work summer fallow but it came on rain about ten. Quite a heavy shower round noon. Down for another load of corn in afternoon.

Mr. & Mrs. Mosser here in evening. Finer to words right.

TUESDAY, 6

Went down for a load of oats in forenoon. Cultivating summer fallow in afternoon. Down to meet Jack at night.

Fine day but cool evening.

WEDNESDAY, 7

Went to town with Chop in forenoon. Jack finished cultivating summer fallow & harrowed it in forenoon. Started to draw up wood frame back bush to wood house in afternoon.

Fine bright day.
