

THURSDAY, SEPTEMBER 29, 1870.

We had to help  
Lisdale thresh this  
forenoon. I was not  
there all the time  
but was home clean-  
ing up nearly  
which I took out  
this afternoon.

The weather has  
now every appear-  
ance of rain.

I was in to Mrs.  
Hilson's to tea to  
night. Had a pleasant  
sit down with them.

I called up with  
a neighbour to night.  
Both Mrs. Jan, and  
old A. I came out  
on the safe side but  
in a both eight tollers  
is very little.

To day has been a  
happy day. Glory to Jesus.

FRIDAY, SEPTEMBER 30, 1870.

We have not  
been able to work  
any out of doors to  
day on account of  
of rain. We cleared  
up our last load of  
barley this forenoon.  
This afternoon the  
boys have been clear-  
ed out the Driv-  
House and put into  
again the Reaper.  
This is doubtless  
our Equinoctial storm  
although it comes  
rather late.

Have great joy  
and praise, with  
a trusting spirit  
such as God, only  
can supply. He  
favours me with  
delightful seasons of  
intimacy with Him.
