215 DAYS PAST

Saturday

151 TO COME

To Ward Off Physical Bankruptcy

the resisting power of cell and tissue must be restored and revitalized. Pepto-Mangan (Gude) furnishes, in readily available form, the material necessary to build up the structure of the red cells and to create hemoglobin, the important vitalizing agent of the circulating fluid.

Weather

Temp.

a lovely day

Grace & Gene came  
last night & went home  
this afternoon. Maude &  
I went to Aylmer. Mr Young  
& John have been cutting  
weeds this fore noon & thrashed  
for an hour this afternoon  
I took the little one eyed hen  
last night & put her with  
some little chickens about  
five weeks old that the  
mother left & she is loving them  
in March 5-
