

Dec 15th. Saturday Took
Mrs. Bradt to Hamilton
went to Hennig Bros. they
think Mudge is likely
on the Arcadia. it arrives
Halifax Monday morning
but didn't know when
it arrived at New York
so still don't know when
mother will arrive she
did not say in her letter
whether she was going to
land at New York or Halifax
went to the telegraph
office and accused them
of not sending cable on
Nov 24th. they said they
did, but could not tell
me whether it was delivered
or not. Mudge has wrote
letters twice since also
acard and never
mentioned receiving ^{the} cable.

Dec 16. milder this am
a little snow also rain
did not amount to much
children went to Sunday
school. I layed down in
bed and worried a few
more hours. Home alone
all day.

Dec 17th! My friends are
all getting big hearted now
since Mudge is expected
home in a day or so.
I had not seen Uncle
John for 6 weeks I have not
been down. he handed on
me 3 times in succession
about Brown. Last Sat
he came here to see about
straw. Friday night
was the first appearance
of the baby to play cards
and tonight. Heels
