153 DAYS PAST

212 TO COME

The Devitalized Condition

of the depleted anemic is most dependably combated by the use of **Pepto-Mangan (Gude)**. It supplies, in immediately assimilable and appropriable form, the organically combined iron and manganese essential to the building up of the impaired corpuscular bodies and the genesis of hemoglobin.

Weather

Temp.

Was chilleys rained off
and on greatly all day. Maudie
quit school again this morning
so she took Mella & I went as far
as the creek & fished, when Maudie
came back she came over &
helped fish we caught 12 minnows
rather nice ones. Then to night
Maudie & I both went for Mella.
Cecil fixed Mella's wheel to
night. John & Joe was drawing
& Lavel drew two loads. I have
over seventy chickens
Dolly & Billie 1st March 10
