

Saw that the grass grew some for the first time. John was to Aylmer this morning, & split wood after dinner. Leonard came out with some blocks for the wood-shed. Was here for dinner & tea. The roads was so bad. Bessie Young got stuck down by John & Timmers, & they had to draw her out. Cecil went to lodge, he tried to drive through Clarence's yard, got stuck & had to back up, & come through by the corner after all, got through but was all he could do.
