292 TO COME

The Early Recognition of Cancer.

CARCINOMA OF THE RECTUM. Whenever there is a history of bleeding from the rectum, a digital examination should always be made immediately. Likewise when the symptoms are merely the feeling of pressure in the rectum.

CARCINOMA OF KIDNEY OR BLADDER. Hematuria is always present. Of course other conditions may produce the same symptom, but a complete diagnostic study of the case must be made.—Levin; *Archives of Diagnosis*.
