

Mr. Smith at Jim Misner's. I collected Muriel on my way back although she hadn't had her season. Earl & his wife were away. We then went down town and of up & the Wumpus had a grand reunion. They were tickled to death to see each other, and Gay pinched the Wumpus & she slipped on Gay's hand so they thoroughly enjoyed themselves. We stopped in at the farm and saw Harry B. ride his wheel he can go like a scared cat on it now and today rode all the way down to Martin's on it. Alan & Charlie drove in with Kelpie hooked to the wagon with Alan's old mare while we were there. Kelpie is pretty well behaved now except when they go to take her bridle off. They drove her to Simcoe yesterday & had her to the thoroughbred.

Thursday June 14th

I came home this morning about six but coming along the side road I saw all of Dad's cattle in his wheat so helped him get them out and was about an hour at it. After breakfast I sowed the red clover seed on the experimental plots. About 11 o'clock I started for Beantford to get some

bee supplies. I stopped at Leonard Cutie and got Mr. Campbell. We went to Raddys and there I met Mr. Jarvis who was one of the lecturers at Guelph last winter. He fixed our order up and showed me around the plant where they were making comb foundation. We got a crate of five hives & frames one top two queen excluders & some foundation. I got home here about half past twelve. I put the new cover and a new bottom board that I got at Mr. Campbell's on the hives that we had temporarily covered and then went down town and got some feed for Tom. I took Muriel & the Wumpus over to Earl & Muriel's and left them while I was down town and she had her season. The last few days have been hot.

Friday June 15th

I spent most of the day working in the garden. I planted some corn, beans & potatoes. I am afraid the small seeds will not amount to much as they were put in before the 3 days rain & the ground is so packed that I don't think they can get through it. I went over to Mrs. Lampkins with some lettuce plants this afternoon and she asked
