100 DAYS PAST

266 TO COME

Gastric Aphorisms—No. 5.

When otherwise empty the stomach will dispose of a glass of water within ten minutes, whereas a slight admixture of foodstuffs will delay the process two or three hours.

A penetrating gastric ulcer most frequently involves the liver, next in frequency comes the pancreas.—*Bell; Med. Herald.*

Weather

Temp.

A fine day
Snow nearly all gone by
noon. Melba & Evelin went
to Sunday school. Charley
came down to stay a night
& help us. In eve was
over this afternoon. Albert's
Asseltines baby girl the
first was born Friday
night. Thomas George
was sick this morning.
