189 DAYS PAST

176 TO COME

A Considerable Help in General Debility.

A physician of Windsor, Eng., writes: "In addition to its value as a digestive and tonic, the fact that **Pepto-Mangan (Gude)** does not stain the teeth and also that it is very palatable, are high recommendations in its favor. I have found it a considerable help in cases of general debility."

Weather

Very warm

Temp.

Boys at the north place  
I milked nine cows & Mella  
fed the calves. Mrs & Leah  
& Maude was out. Maude  
& Maudie & Mella was up  
& as far as Mrs & Mel groves  
then went home. John  
is nearly all in tonight
