SUN. JAN. 23, 1898

Wea.

I rose this morning  
and found it had rained  
and snowed in the night  
we had breakfast but  
did not get to Church  
I don't know why they  
did not go, The day seems  
long when we do not get  
to Church, It has been  
a fine day

MONDAY 24

Wea.

I got up and lit the lamp  
and found it was 7 O'clock  
so I had to hurry up, to  
have the boys ready for  
school in time, I was  
sewing boots all day  
and billing them, so I  
was quite a cobbler  
George is mending his  
bob sleighs
