Saturday April May 21<sup>st</sup>

Dad. and I hauled manure all day and got the garden covered and the strip of mangle ground that Frank and I didn't finish. I spent most of the time between loads doing chores. Mary did some Mexico down town this afternoon. I went down to the shop meeting to night but didn't get there till eight and they had all gone. I saw several of them later & they told me they had been there. I went up street and talked to Mark for about an hour and then went over to Dyer's and got my hair cut. Mark went over here and waited for me and we walked home together. Jim & his new house-keeper were down at the show.

We had a sick looking student take his service to day. Just after dinner Ade Millman & his wife & her sister and brother in law drove in. They were headed for the beach but it was looking like a bad thunder storm so they took shelter here. They went in the house but the minute they heard Frank had the mumps they fled as if the lions would bite them. Each family had a little girl and they were so afraid they would catch the mumps. It rained a little shower but soon dried off and they went on down town. Later Mr. Pickford, Irene & Maudie walked over and stayed till it was time to do chores. To night Mary wanted to go down and get the church money but it looked so rainy just as we were ready to start we didn't go and a great thunder storm set in.
