

Sunday, February 8

- July 21st. Drove to Brantford in the afternoon.
 22nd. Cut 30 acre field of wheat in the afternoon.
 24th. Finished drawing in hay off Clump field, 14 loads.
 25th. Roy & Donald Gullen came up for the day and we drove to
 Aunt Nellie in the evening.
 26th. Finished cutting hay, a fine rain in the afternoon.
 27th. Finished cutting wheat and finished drawing in timothy
 hay off 1 acre field, about 9 loads. (38 loads in all)
 28th. Rained nearly all day, cleaned out hen house & box stalls.
 29th. Cut 1/2 acre Donald's wheat.
 30th. A heavy rain in the morning, cut barley in the afternoon.
 31st. Drove in wheat off the field next Dalzell barn 10 loads.
 May and June of this year were very dry but with only
 occasional light showers but July came in with rain
 and it has been a very hot month with a great
 deal of rain, making the corn & roots the pasture and
 the alfalfa grow splendidly, as also being ideal weather
 for the grain to fill, and although the weather was
 very catchy yet we got our hay all in in good shape.
- Aug 1st. A very warm day, First Sunday of Union Services at
 St. George.
 2nd. Finished drawing in wheat 4 loads off 3 acre field.
 Drew in barley 3 loads off 3 acres north of electric track.
 3rd. A very wet day with a strong east wind, which bent
 the corn over quite badly and put some of the oats down.
 4th. Started to plow in Young orchard for wheat.
