296 DAYS PAST

69 TO COME

### .. In What Cases is Salvarsan Pointedly Indicated?..

- (a) In cases of syphilis diagnosed very early.
- (b) In the treatment of patients who cannot take large enough doses of mercury to control the symptoms.
- (c) When the disease progresses in spite of other methods of treatment.
- (d) When rapid disappearance of skin and mucous membrane lesions is particularly desirable.—*Dr. R. J. Walker; Journ. Mich. State Med. Soc'y.*

Weather

Temp.

A cold wind all day  
We thrashed the north barn  
out, & moved to the south barn.  
Maudie went to Ayler for  
the mail. Mrs Jan Wagons  
was up for dinner & we  
took her home. Willard  
was up for tea & helped  
Mella get the cows.
