

school and Mary and I went down to the way
so that we could get Jack's sprayer on the way home
We had to get some things up town including a
bottle of creolin to put in the white wash and when
we got down to the lake Clare Deal told us they had
just sold the last bag of lime that if we had been
there at nine o'clock we could have got some, however
we met Chris on the way over and he said they had
some we could borrow. It was noon when we
went in after the tank but I got tired to keep me load
it. I felt tough after dinner for quite awhile in
fact all the after noon but mixed up some
white wash and about seven o'clock got Mary to
help me as Dad had gone down after Tim. Mary
put on overalls and an old rain coat and come out
but although I pumped and pumped nothing
happened except that I kept feeling rotten and
eventually we quit trying. Dad tried to make
it go but had no better luck than we did. Fine day

Thurs. day October 13th

I thought I felt a little better this morning and
went down to the corner with Dad where he drove

Tim to school and went down to Martin's to find out
why the sprayer wouldn't work. I saw Chris and he
said it probably needed priming and explained how
to do it. I came home and primed it and it did work
all right then except that a lot of the pieces come up
through the pump at the piston rod. Dad fixed that
so that it ran back into the barrel so we didn't
waste much. Dad and I sprayed and mixed
white wash the biggest part of the day but we
got all the chicken houses well sprayed and took
the pump back. Mary went to a party at Dan Jack
Martin's this afternoon at which Elsie won the
bridge prize. Mary went down to Aunt's for tea and
then over to the teacher's meeting. I went down after
tea intending to go to a special band practice they
were having to get their lips up for Donny Brook Fair
on Saturday, but by the time I got to Aunt's I
felt too miserable to go on up. Walter came back
today from Hamilton where he has been as lay
delegate to the General Synod. but as he, Aunt, Elsie and
Elsie were up at Bessie Bessie's I didn't see him
as I felt too tough to wait and Mary and I came
home soon after she got down from bible class. lovely day
