6 Wednesday. Heavy rains last night and this forenoon. Cleared up this afternoon.

John Kuhl spent the afternoon with Walter and Noah Miller the morning. Other callers - Enoch & Irwin Schneider, Otto Miller, Harry Thur.

7 Thursday. Colder and windy. Eva Schneider visited Ella this afternoon and Walter called on Mrs. Sam Horst. Buster, our pup jumped over the stable door about four weeks ago and injured his back and hasn't been able to walk since so Vernon shot and buried him today.

8 Friday. Fine day. We were butchering today - a pig for Willard Snider. Vernon helped Harvey cut wood in Osiah Bauman's swamp this p.m. and was at Reeds for supper. John Maurer of Paisley was here for tea.
