

Drove Old Mariah to the factory
for the street
John & Mella

Saturday, August 21

233 DAYS PAST

132 TO COME

The Waste and Repair

of blood and tissue depend upon normal oxygenation of the circulating fluid. When there exists an essential "iron lack" in the blood, normal exchange and interchange are deficient in both character and extent. **Pepto-Mangan (Gude)** supplies the necessary hemoglobin-producing material, in promptly assimilable form, in Anemic, Chlorotic and Marasmic conditions.

Weather

Temp.

Cool and rained off and on nearly all day. John ploughed between the showers. Mr Young came for a load of staves & was here for dinner. Eugene Carl & Carl's cousin was here for dinner. Mrs Dounce & Al-t-a went to Oylmer & then came back here & stayed a little while after dinner. They had their dinner in town. Waterberry & Mrs Waterberry was down again. Mandie was up to day. John & Mella took the milk with Mariah & Billie
