

July Thursday 15 1926

Friday 16

Clayton Wilson, government P. O. P.
cow tester arrived at Bendmore as
the men were stacking sweet clover
hay.

Saturday 17

Fom and Alex tied Jimmie to the fence
at night when they came home from
town and he was lying on the bed. He
had quite a time getting loose when he
woke up at one o'clock and blamed it
on the cow tester.

July Sunday 18 1926

Alex drove the truck for me on the
milk route so we were through and home
early. Took Mr. Wilson over to Gerald Brooks
and then went to church. Communion served
and heard Mr. Wilson for the first time.
Took Charlie Fom with me up to Barkers
at night and then had a nice drive
up home with Jean.
