I delivered mail on the Townline and Ray and Roy delivered on the Club part; while I was at the Ray I got J. McLaren to put the front shoes on Queen and Dick.

I went found the Townline before coming home and when in front of the house the horses became frightened at something and turned into the fence before I could stop them and one of them jumped over the wire fence and I got out of the buggy and held them and called for help, the wood cutters came and helped me to run hitch. Paid horse shoeing \$2.40
