179 DAYS PAST

187 TO COME

An Essential "Iron-Lack."

When there exists an essential "iron-lack" in the blood, normal exchange and interchange is deficient in both character and extent. **Pepto-Mangan (Gude)** supplies the necessary hemoglobin-producing material in promptly assimilable form, in Anemic, Chlorotic and Marasmic conditions.

Weather

Temp.

Had a few sprinkles of rain, but was a fine day. Maudie & Melba went to Aylmer, after tea, then when they came home we went to King's mill to trade. John Drew gravel all day & after they drew the gravel he levied & he scraped for the road for half a hour
Mariah &
