203 DAYS PAST

SUNDAY

163 TO COME

To Obtain Lasting Results

and rebuild and revivify the depleted blood of the anemic invalid, permanent reconstructive measures must be resorted to. **Pepto-Mangan (Gude)** furnishes not only a stimulus to vitality, but also a general reconstituent in all cases characterized by hemic poverty and general denutrition.

Weather

Very hot & dusty

Temp.

+90

Girls went to church.  
Cecil was over a little  
while this afternoon. Gaud  
was over, & took some honey  
over to his boxes. Albert  
brought little Elsie up to  
see the rabbits. John went  
down home with Albert.
