### Skin Diseases in Children.

Disturbances of the nervous system have more to do with causing skin diseases than is generally appreciated. The connection of dentition and eczema is probably due to such a cause. Rest and sleep are essential for the cure of acute skin diseases in children. Too much handling and petting of the sick child make it irritable and restless and interfere with the efficiency of the treatment. It is a common experience to see children recover in a hospital under the same treatment which, applied by the mother at home, has proved a failure.—Schalek; J. A. M. A.

Weather

Temp.

Thawed all out again  
but dull, most of the day. Melba &  
her Father, went over to Eugenas  
for dinner, & didn't get back  
until after choars were done.  
Boyd & his Father gathered  
the sap. Maudie & I was home  
all day. I never saw one rig  
pass to day, only Boyd after the  
Sap
