

**Monday, November 13**

318 DAYS PAST WEDNESDAY 48 TO COME

**Geriatric Aphorisms—No. 22.**

Drugs containing tannin are absorbed slowly or not at all. Mineral oil in large doses does more harm than good. It coats the intestinal walls interfering with the secretion of the already diminished intestinal juices.—*Nascher; Amer. Med.*

**Weather**

**Temp.**

Maud and Grace drove Marika to school. Mother took the old chairs down to be fixed. Dad split wood. I had a terrible tooth-ache all day. Mother made Grace a pair of bloomers.

Marika 5 $\frac{1}{2}$  miles.
