And in the St Francis last Trip

Mr WILLIAMS COMMISSIONER Island Top No 1881
Banking the House some took up the Fishermens
Boxes from the Lower Point in very fine Day & Wind
Warm Set 4 Traps for the First setting wind chang
to South West Blowing Hard to night a
good many Boats a going to Day some
Shooting some few Ducks in the Cold Wood Bay
2 Stationary Planets to Day this makes change
in Wind and Weather the Sun draws Rain
Rained some tonight 18th Fixing the sheds then house
and calve stable no Boats went upon to Day a
Sun went up Passed the Door Hunters it fell
in the Bay and at the Keory Trees 15th
Cold some high East Wind some grains of
snow set fire in the Marsh Dont Burn
well Randolph got 3 Rats for the first
time the cattle in to night for the first
put in the Calves snowed some to
night Wind changed through to West
water raised some to Day Made Cheese to Day
Took the milk out of the Milk house
Making Sobiacco (Kung to night 20 West Wind fine
cold some 21st on the Day the Month D. M. Master
Departed 1846. Frowning Wood high Wind got a
Rat made 3 Muskrat Moles for skinning them
On 4th evening to night Eclipse to Day 22 ground
hard with frost last night I Dont think that the
Princes house came out of Salmon River to Day
Fixing the Calves Door of their stable, took some
of the rough stuff of the Bottom of the Canoes
Got a Rat ice in the Kushes tied 30th
Cattle in to night set the Back Marsh
afire to night & freezing to night a fine
Day Cold no Boats went to Day 23rd
Bohemian and St. James up and down
the Bohemian went straight down the channel
for the last time set fire to the upper part of the marsh
clearing it out set fire to the east end of the marsh west
then here left their Boat thought this was grass
to Day snowing Working at the hen house 24th
