

Saturday June 23<sup>rd</sup>

Dad. and Frank hauled manure this morning but didn't get so many out as they were cleaning out the horse stall. The first load they put around the tomato plants in the old garden. I mowed till about eleven and then went ahead helped them get the hay out of the lane that Frank cut the other day. Just before dinner it commenced to rain and kept it up pretty much all the afternoon. It was a nice gentle rain and will do a lot of good as the ground was getting pretty well baked after the heavy rains of a week ago. Frank and I made another post this afternoon but didn't do much else and Dad. Chord around. Frank and I went down town to night and I got my hair cut. I took some eggs over to Jack.

Sunday June 24<sup>th</sup>

By the time Frank and I got chores done and got through monkeying around among other things looking at the mother's nests in the bird house, (there are three of them) it was too late to go to Sunday school but we went down to church. Dick and Aunty came over to dinner. Dick and Frank went down soon after dinner and Dad. drove Aunty down about four o'clock and I had a piano and horn concert and I went down to Aunty's to tea. Aunty Alice and I went to church to night.
