WED. JUNE 8, 1898

Wea.

I rose at 5 o'clock and called the boys. I put on the fire, we then went outside, I was planting some melons and some more cucumbers as they eaten off, the boys were busy hoeing, we got a good lot of work done and I was busy transplanting flowers.

Ther.

THURSDAY 9

Wea.

I rose again early and found it raining, I attended to the bread, then had breakfast - Lucie was out hoeing some as the rain had stopped, I was hoeing in the forenoon, and after dinner I finished James' pants, I took them down in evening, I called
