127 DAYS PAST

Tuesday

239 TO COME

The Lying-In Period

is not infrequently complicated by an excessive loss of blood and a consequent post-parturient Anemia, which requires direct attention, in the interest of both mother and child. **Pepto-Mangan (Gude)**, in conjunction with proper nutritive measures, quickly stimulates corpuscular reconstruction and hemoglobin formation and thus serves to materially hasten puerperal convalescence.

Weather Warm but very windy. **Temp.** Billy and

Boyd were here for dinner. Dad went to town and took Boyd's plow and ploughed Augustines garden. Annie, Mc Taggart and her mother were here for supper. Dad scrapped the roads to-day. Mother finished Grace's dress. I made Grace a handkerchief of blue tatting
