Sunday

94 TO COME

Surgical Suggestions.

If a foreign body impacted in the auditory canal (especially if symptoms suggest that it has entered the middle ear) resists safe efforts at removal, administer narcosis, turn the ear lobe forward and open into the canal by a free incision from behind. This procedure, which is simple and leaves only invisible scars, is a very old one, but it is often forgotten.—
Amer. Journ. of Surg.

Weather

Temp.

*A fine day
very warm. Maudie,
Melba & Grace went to
church, & to night Mrs
Jan Wagner took Grace
& Melba. Old Joe Gene
was here this afternoon
for supper*
