263 DAYS PAST THURSDAY 103 TO COME

Southern Clinic, December, 1906, says:

"Pepto-Mangan (Gude) will help your patient up the hill when nothing else will do it. There are times when the digestion fails and the patient, though in need of iron, cannot assimilate it. Then try Pepto-Mangan."

Dec. 1906.

Frederico Hopper, M.D., Mexico City, Mexico, says:

"Pepto-Mangan (Gude) is an excellent preparation which I have used in anemia."

Very warm. I did Mondays  
ironing & washed again  
Made some corn relish.  
Aunt Bell was here & brought  
me a basket of snow apples  
Cvelin was over this evening  
Girls went to school. John  
ploughed.
