37 DAYS PAST

Thursday

329 TO COME

In the convalescent stage of La Grippe nothing will more quickly and certainly restore the strength and repair the blood than

Pepto-Mangan ("Gude")

the ideal hematinic and general tonic.

A fine day with rather cold wind. Had a few snow flurries last night. Melba took Grace & the buggy wheel to town. Melba went for Grace but Mr Cox brought the wheel home. Nella finished the washing. I have been making Melba's under skirt. I was't George Revello came for a load of hay. John sent the wire on Feb quest. Mar 5 Miller's
