

SATURDAY, JANUARY 8, 1870.

I sent Charley off to Mill this morning with a quart of Chop. Mother and I went out to Clover after dinner. While there I called on several friends and had a good time. ~~The~~ Throughout the rest of the day I took tea with Mrs. George and enjoyed our visit much.

It is said that the families of earth retain a family likeness through out. There is another family of which Christ is the eldest brother. Should they not be a family likeness? Surely it is the privilege of Christ's followers to have the image and likeness stamped upon them.

SUNDAY, JANUARY 9, 1870.

The past has been a fearfully stormy day, and withal exceedingly cold. Notwithstanding this I have been so collecting no less than three times I heard the new Pres. preacher both morning and evening. He seemed full of earnestness and that for Christ and apparently is very anxious for the prosperity of Zion. But I noticed a considerable coldness in the church members. Bro. German preached this afternoon. He had a greatly good time to gather in the Church. I have still the same heart desire. I will I do not fail to ask of the Lord His blessing.
