

July 20th Went over to Armer in the afternoon &
Thurs. went for a bath on the South Shore. Had
tea there and returned by salt kettle ferry.
In the evening Mrs MacDunnis treated us to
Ice Cream at Meyers.

July 21st Went down before breakfast to see the fishing
Fri. fleet come in. The fish were brought in in
crates fastened to the boats. as the fish were
of all colors and all kinds & alive they looked
very pretty. They were killed on the boat as they
were sold. In the afternoon took the sunset
bus to Armer and then started for the South
Shore for a bath. but as a shower came up we
went into Mr Armer's store until it passed
& then went on & had a splendid bath. Mr
Armer & Mr Kittle, Jim Russell & Mrs Armer.
Mrs Dunscombe, Corinne & myself. It started
to rain just as we started for home and
we took shelter in a negro's cabin where there
was a cute little darkey baby. Had tea at
Armer's and went back to Hamilton on the
ferry.
