162 DAYS PAST

204 TO COME

March 17, 1907.

Dr. E. C. Brush, Zanesville, Ohio, says:

"I consider Pepto-Mangan (Gude) one of the best tonics. I use it after surgical operations, and in many ways where a tissue builder is needed."

February, 1907.

Ricardo de la Cueva, Mexico City, Mexico, says:

"I have used Pepto-Mangan in dysmenorrhea cases with the best results."

Very warm & fine John
worked on his corn ground
The Dr & Maude ~~was~~ was here
to night. John has gone
down to Clarence Leopes
to night. Maude has
been making the tops
for her beehives. She went
down to check for them. Albert
brought them as far as their
place. Bevis was here this
morning & to night for fine
cabbage plants ~~Maude~~
